

1. PURPOSE

ESA operates under a zero-harm directive. Every employee and sub-contractor works under conditions where safety overrides all commercial targets.

2. SCOPE

Applies to all ESA personnel, sub-contractors and visitors on any site where ESA performs work, in Australia and internationally.

3. COMMITMENTS

- Job Safety Environmental Analyses (JSEAs) before any field testing
- LOTO tag-out boundaries enforced during live automation work
- Compliance with Safe Work Australia, AS/NZS codes and state EPA standards
- Incident reporting within 24 hours, review within 5 business days
- Annual review of this policy by the Director

4. RESPONSIBILITIES

Director & Principal Engineer: policy owner.

General Manager: implementation, training records and audit schedule.

All personnel: stop-work authority without penalty.

Signed: G. Howard, Director - reviewed 2026
